  MAR 5465 Purchasing and Supply Chain Management
  MAR 5466 Logistics and Supply Chain Management

Online MBA students may choose from the four online specializations above – **Business Analytics, Management Information Systems, Real Estate** or **Risk Management and Insurance** – or choose our general track of four online elective options that will serve you well no matter your industry:

- FIN 5515 Investment Management and Analysis
- MAR 5409 Business-to-Business Sales and Marketing
- MAR 5465 Purchasing and Supply Chain Management
- RMI 5017 Fundamentals of Risk and Insurance

*Please note: Specializations in the specialty master’s degree disciplines of Accounting, Business Analytics, Finance, Management Information Systems, and Risk Management and Insurance will require prior approval from that program’s director. Joint MBA degrees with the colleges of Law or Social Work do not have specializations. FSU’s MBA diplomas do not note specializations, but graduates are encouraged to share their earned expertise on their resumes and digital profiles for professional networking websites such as LinkedIn.*
