Elective options

Online students choose four courses (12 credit hours) of electives. Students may use three of their four elective courses (9 credit hours) to complete a specialization in one of the following disciplines:

- Business Analytics*
- Management Information Systems*
- Marketing
- Real Estate
- Risk Management and Insurance* - choose between track options of Financial Planning or Risk Management

Students then select a final elective course (3 credit hours) from options available during their time in the program.

*Specializations in Business Analytics, MIS and RMI are subject to program director approval and appropriate student background. Instead of choosing a specialization, students may select their own slate of four elective courses based on their own interest and course availability provided by their online MBA adviser each semester. For current specialization course lists, see mba.fsu.edu.

Prerequisites

The Florida State University MBA is designed for both working professionals with extensive professional experience and individuals who have demonstrated excellence and leadership in their previous academic work. All applicants must have a bachelor's degree from a regionally accredited institution. Previous coursework in business is not required, but all applicants are expected to have a general knowledge of economics, finance, accounting, statistics, calculus and management principles. While prerequisites are not required for this program, the MBA faculty strongly recommends the completion of prep courses by all applicants who have not taken previous coursework in accounting.

Cost of a Florida State MBA

Students pay the same price, plus applicable fees, for courses regardless of location. For a complete list of estimated costs, see mba.fsu.edu.

Admission guidelines

Admission to the MBA program is highly competitive. The decision is based on a portfolio of qualifications, including prior academic performance, work experience, entrance exam scores (such as the GMAT or GRE) and letters of recommendation. The entrance exam is a university requirement that may be waived if an applicant meets certain criteria. For example, those who have already earned graduate degrees, have substantial management experience and/or graduated with high GPAs from business schools accredited by AACSB International may be eligible. For exact criteria and instructions on requesting waivers, see business.fsu.edu/waive.
