

# MASTER OF ACCOUNTING

GAIN ANALYTICAL SKILLS WHILE  
PREPARING FOR CPA EXAM

*“Our program is a great opportunity for students to expand their technical accounting knowledge and master the latest analytical tools while satisfying the educational requirements for CPA licensure in Florida and most other jurisdictions. Students sitting for the CPA exam during the program benefit from our program’s partnership with Becker CPA Review as well as the supportive, close-knit group of motivated accounting students eager to see each other succeed.”*

**— Holly Sudano**  
Director of MAcc Program

**CRITICALLY ACCLAIMED:** Join Florida State’s legacy of high passing rates on the CPA exam.

**ANALYTICS FOCUSED:** Build your proficiency in data analytics while learning how to apply new technologies in a digital world.

**INTERNATIONALLY ACCREDITED:** The FSU College of Business programs in business and accounting are accredited by the Association to Advance Collegiate Schools of Business (AACSB International). Only 186 schools worldwide secure the specialized AACSB accounting accreditation.

**MOVE FORWARD TODAY:** Apply by June 1 for fall entry, Oct. 1 for spring entry, and March 1 for summer entry. Complete the MAcc on campus in one year (three semesters). Students interested in being considered for assistantships and fellowships should apply by March 1.

## International Acclaim. Individual Attention.™

### Prerequisites

The Master of Accounting (MAcc) program requires the student to complete: (1) a core of undergraduate foundation courses in business and accounting and (2) the MAcc curriculum, which consists of 10 graduate courses. Students with a bachelor's degree in accounting have satisfied all or most of the foundation course requirements. Applicants with substantial deficiencies in foundation courses should contact the MAcc academic advisor for further information. There is a longer MAcc program designed for students without a bachelor's degree in accounting, as well as a Combined BS/MAcc Pathway that accelerates studies for top accounting majors. For more information, visit [business.fsu.edu/MAcc](http://business.fsu.edu/MAcc).

### Admission guidelines

Admission to the MAcc program is highly competitive. The GMAT (preferred) or the GRE is a required exam for admission to the program and to Florida State University. The College of Business generally recommends a GMAT minimum of 550 or a GRE minimum of 1200 (150 on each subsection of the revised GRE), taken within the last five years. Applicants also must have an undergraduate GPA of at least 3.0 in upper-division coursework. Given the limited class size, it is likely that most who are admitted to the program will have credentials considerably above the specified minimums.

The GMAT/GRE exam may be waived if an applicant: (1) is an FSU accounting student with a 3.4+ overall GPA, a 3.2+ GPA in upper-division courses, and a 3.2+ GPA in upper-division accounting classes; (2) has passed all four parts of the CPA exam, or (3) meets the significant work experience criteria listed at [business.fsu.edu/waive](http://business.fsu.edu/waive).

### Cost of a MAcc degree

The Department of Accounting awards a number of fellowships, scholarships and assistantships. Interested applicants should apply to the program by March 1 to be considered. For more information on cost, visit [business.fsu.edu/MAcc](http://business.fsu.edu/MAcc).
