Second Bachelor's Degree

- Law(International Law, Administrative Law, Economic Law, Criminal Law)
- GPA: 3.29

## EXPERIENCE

09/2014–05/2017

### Volunteer at Students' Union

- I was selected to serve as a volunteer through a competitive examination and interview process. I had two primary roles, as an event planner and coordinator and as the student leader of the Resident Advisor department.

- In my role as event planner, I organized university-wide events and provided logistical support for the annual intramural sports games. During my three years at the Student Union, I gained the leadership and organizational skills necessary to host large events and motivate people to work together effectively. I also developed a strong sense of teamwork and pride in collective achievements.

- As a student leader in the Student Union's Resident Advisor department, my team was responsible for student safety with the residence hall. In this role, I took the initiative to seek advice from students, reviewed their suggestions for feasibility, and implemented changes where possible. I learned how to be conscientious and

diligent and developed a strong sense of responsibility necessary to be an effective department leader.

- As a result of my hard work and patience, I won many awards for my service, including the Excellent Student Leader and Excellent Student

## PERSONAL SKILLS
