Students will have a maximum of two attempts to pass the competency exam. Please contact Alan Verdecia at averdecia@business.fsu.edu to schedule the exam.

Additional Information:

- Accounting majors must complete a total of 90 hours of non-accounting courses. Transfer students may count non-accounting courses completed at previous institutions toward this requirement.
- Students should plan to take all upper-level accounting courses in residence at FSU.
- In addition to the requirements outlined above, each student must complete all University-wide requirements for graduation.** These requirements include liberal studies requirements, the multicultural requirement, the Gordon Rule writing requirement, the summer school requirement, the FSU residency requirement, and total hours requirements.
- Students **must not** enroll in **any** course at another institution without first receiving approval from the College of Business Undergraduate Programs Office. Once enrolled at FSU, students should plan to take their upper-level business courses at FSU. Any exception to this policy must be approved in advance by the College of Business Undergraduate Programs Office. Transfer of upper-level business courses completed prior to enrolling at FSU must be from business colleges at other 4-year, accredited institutions. These courses must be approved for course substitution by the College of Business Undergraduate Programs Office upon entering FSU.
- Effective in 2009, to be eligible to sit for the CPA Examination in Florida you must complete 120 semester hours including 24 semester hours of upper-division accounting and tax courses. The FSU undergraduate accounting program satisfies these requirements. CPA licensure in Florida requires one-year of work experience and 150 semester hours including 36 semester hours of upper-division accounting and tax courses. It is recommended that students satisfy these additional educational requirements by completing the **Master of Accounting (MAcc)** program following the undergraduate degree. A 3.0 GPA in upper-division coursework as well as a 550 on the GMAT (preferred) or a GRE of 1200 (150 on each subsection of the revised GRE) taken within the last five years is recommended for admission into the MAcc program. FSU accounting students with a 3.2 upper-division accounting GPA and a 3.4 cumulative GPA may have the GMAT waived. Students in the MAcc program can select one of the following three majors:
 - Assurance and Advisory Services
 - Generalist
 - Taxation

Application deadlines for the MAcc program are June 1st for fall* admission; October 1st for spring entry; and March 1st for summer entry. *Students interested in fall assistantships and fellowships should apply by March 1st. More information can be found at <http://business.fsu.edu/master-of-accounting>.

- For students who do not pursue the MAcc program, the FSU Center for Academic and Professional Development offers additional accounting elective courses. More information can be found at <http://learningforlife.fsu.edu/>.
